

6-in-1 SuperRemote Addendum

Your 6-in-1 SuperRemote has been improved since the owner's manual was printed. More codes have been added to the library and the names of two buttons have been changed. The old Menu key is now called Guide. The old Sleep key is now called Timer. We have also added another AUX key for your convenience. Please use the updated code listing shown here instead of the listing in the owner's manual. Note also that in the old version of the SuperRemote only DSS codes were stored under the SAT key, other Satellite codes were stores under the CBL (Cable) key. In this new version of the SuperRemote all DSS and Satellite codes are stored under the SAT key.
