

## Kool Deck®

Cool then, still Kool.

### Be Sure It's the Original

Kool Deck® concrete topping was invented by Mortex over 40 years ago. It is a beautiful surface for swimming pool decks, walkways, patios and virtually any foot traffic area. Once applied, it generates a colored, textured cement surface that is as strong as the base concrete.

- Significantly lowers the surface temperature of concrete.
- Withstands thermal expansion and contraction better than concrete.
- Requires minimal cleaning. Just rinse with water. When necessary, scrub with soap and water to keep the surface looking great.
- Proprietary mixture of natural substances and synthetic iron oxide pigments.
- Environmentally safe.
- Unaffected by normal pool chemicals

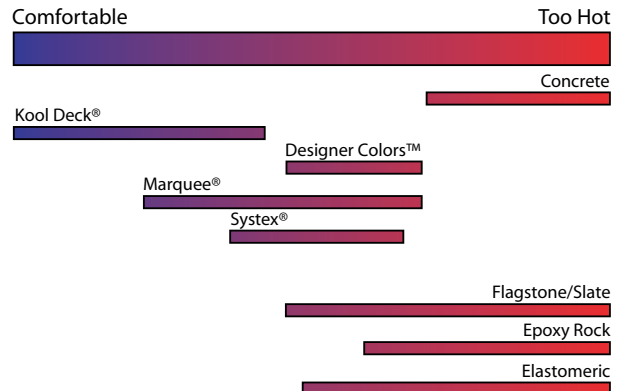

### Designer Color COLLECTION™

### Colorful Alternatives

Designer Colors are an extension of the Kool Deck color line. Made of the same durable formula as Mortex's classic Kool Deck topping, the Designer Color Collection provides additional colors and a beautiful nonskid surface at the same low cost of the classic Kool Deck colors.

The colors of the Mortex Designer Color line are inspired by nature. This palette is made up of deeper hues, designed to compliment a natural landscaping environment. Even though this color collection is darker, it will be more comfortable than plain concrete in the heat of the summer months.

### Cool Chart

## Six Reasons Why Kool Deck® Concrete Topping is Still The Best

**1. Comfort** - Even during the hottest summer days, you can walk, sit, sunbathe or play on your Kool Deck surface. It's more comfortable because it stays cooler than plain concrete or other decking surfaces.

**2. Durability** - The Kool Deck concrete topping is specifically formulated to be far stronger, more durable, and more stain-resistant than other surfaces. It will stand up against even the roughest, most demanding environments such as 100°+ days to freezing nights.

**3. Safety** - A Kool Deck topping creates a non-skid, textured surface that is designed to help reduce the risk of accidents, even when wet, to give you peace of mind.

**4. Beauty** - A Kool Deck surface is a beautiful addition to your pool, walkway, patio or entire landscape package. The rich, consistent color and texture make it much more attractive than plain concrete. Its beauty compliments the natural environment and other landscaping techniques.

**5. Cost** - This is the best - even with its far superior quality, a Kool Deck surface is less expensive than other deck surfacing products. The quality of a Kool Deck surface adds distinction and lasting value to your property.

**6. Variety** - Kool Deck toppings offer you a striking choice of luxurious, pastel colors...one which is perfect for the environment you want to create.
